VANDALS STRIKE UPPER GRADE CENTER

Part of the \$1300 - \$1500 damage to the Antioch Upper Grade Center resulting from vandalism on June 5 and 6 (Staff Photo)

THIRD TRY NO "CHARM" REFERENDUM DEFEATED

It was close, but as in the analogy, it only counts in horseshoes and hand grenades. Not, however, when you're attempting to save an educational system.

By a narrow 1138 to 1486 vote, the Antioch Community High School again lost its bid for an Education Fund tax hike. The measure would have raised the school's tax rate from \$.92 to \$1.32 per \$100 of assessed valuation.

This was the third straight attempt to be defeated by the voters. The school was last granted a rate increase in 1957.

The measure was dealt a deathblow at the sight of the controversy, the high school. Here, precinct 1 voters turned down the rate hike 1123 to 802.

At the Central School in Lake Villa the increase was treated more kindly, losing only 143 to 112.

Oddly enough, at the district's most distant precinct, the B.J. Hooper School, in Lindenhurst, the referendum passed by a scant four votes - 224 to 220. It was the first time a precinct approved the hike in its three runnings.

Reflecting on the loss, former Superintendent Albert Dittman said that the school "still has not made inroads in getting parents out to vote." Dittman noted that at the last vote in March only one-fourth of the parents voted. On Saturday, thirty-three

percent of this group turned out.

Once again it was the solid bloc of the elderly that sent the increase down to defeat. These people, many on fixed incomes or Social Security arrived in cars containing three to six people to reject the proposal.

Dittman echoed his thoughts of last March, when he declared it would take 1700 to 1800 positive ballots to pass the hike. "The no figure remains fairly static at 1500 to 1600. I said all along if we passed the thing we'd need that many votes."

Legally the district must wait 60 days before running another referendum. Because of the narrow defeat there has been some speculation the issue might be brought up soon.

However, informed sources see the school board in no hurry to return to the voters. Instead, they believe the measure may be revived in the fall.

At that time, students could again be in the vanguard of the struggle. Another factor which might have an effect on the delay is the possibility of a Grade School referendum during the summer months.

The District 117 Board is scheduled to meet on Wednesday, June 14 to canvas the ballot and perhaps to map out post defeat planning.

Rock throwing vandals shattered numerous windows at the Antioch Upper Grade School on the nights of June 5th and 6th, causing approximately \$1,300 damage to the new structure.

According to District No. 34 Superintendent Henry Meyer, the figure reflects only the cost of glass replacement and does not include additional costs of boarding up and overtime hours put in by maintenance personnel to clean up the damage. The bill for the incident could run as high as \$1,500.

The windows ranging in size from two square feet to door windows six feet in length were located on all sides of the building.

In addition to the glass damage several cannister-type smoke bombs were hurled into the school scorching floor tile. The cannisters were luckily not incendiary and caused no fire damage.

It did not take long for justice to prevail, however. Acting on tips and descriptions, the Antioch Police Department was able to apprehend the vandals who struck the first night within

a matter of hours following the crime.

The six offenders, all juvenile boys, were rounded up and their parents briefed as to the extent of the damages.

Sgt. Elmer Pett, who with officer Chuck Miller constitutes the force's Juvenile Division, stated that the parents had agreed to make restitution for the property damage and their sons would now be placed on "station adjustment."

The new policy, also called supervised probation, provides that juvenile offenders (under 17) will work for the village under supervision for a period of time equal to the seriousness of the crime.

Repeated offenders as well as those responsible for serious crimes will face a court trial before juvenile authorities.

The plan is a newly instituted program designed to curb youth crimes. This particular form of punishment is meant to teach first-offender juveniles a lesson without resorting to the courts where a record could haunt their lives.

According to police sources, the investigation into the second night of vandalism is continuing.

Referendum Defeat May Mean Additional Budget Cuts

Speaking prior to Saturday's referendum defeat, newly appointed Superintendent Warren Polley gave a hint of what may be in store for the financially troubled district by noting, "the board is set and committed to run a balanced budget."

What this means is as yet, unclear. However, rumblings prior to the referendum point to additional budget cuts. This in the light of \$275,000 in cuts already made.

Polley wisely deferred any

statements saying he preferred to let the school board make the decisions, but he did offer several possibilities.

He said that as in any operation that runs at a deficit, the budget would have to be studied and pared.

"In business, the first cuts always seem to come in labor. In education labor means instructional salaries."

Sports may also take further cuts. While the board has

Lasco Named To The Fire District Board

Russel Lasco of Antioch has been appointed to a three-year term on the First Fire District Board.

The fire district is comprised of the municipalities and unincorporated areas of Antioch Township.

Three members constitute the board. They include Lasco; Irving Elms, President; and

Raymond Atwood, Secretary Treasurer.

The First Fire District is one of the few governmental units to lower its tax rate this year. The former rate of \$0.039 was lowered by .001 to \$0.038. The rate is based on \$100 of assessed valuation.

Country Club Vote Still Waiting

The fate of the Antioch Country Club Development is still "hanging in the air," according to Robert Webb.

Webb, an Antioch resident, is a member of the Lake County Zoning Board of Appeals, the group which is currently reviewing the project.

The Board held a May 19 hearing on the proposed Planned Unit Development and is now sifting through the

volumes of information, petitions, and objections of nearby villages and adjacent homeowners.

Those persons who had additional objections were given 30 days in which to file them with the county. To date there are four days in which to add this material.

Webb noted that the question might come up for a recommendation at the Zoning

Board's June 27 meeting.

Following the filing of their recommendation the question will go to the County Board of trustees, where the project is expected to be defeated.

Developer of the project, Thomas Santino, has not as yet finalized his plans, but insiders have narrowed his options to converting to a single family subdivision or taking the matter to court.

Reports On Vacation Employment Opportunities

Congressman Robert McClory today called attention to the summer job opportunities available to young people between 14 and 21 years of age. The Twelfth District Congressman stated:

"Over one million summer jobs will be available nationwide. Federal programs alone are expected to provide 736,400 jobs and will cost the government \$40 million. In addition, over 335,000 jobs have been pledged by private business industry. Some 1.9 million summer recreation and youth sports opportunities are also planned."

Mr. McClory noted that the Labor Department Youth Corps will offer job opportunities to approximately 35,000 disadvantaged Illinois youths. McClory stated that approximately 200 jobs would be available in Lake County for a period of nine weeks at a wage rate of \$1.60 per hour. Applicants for such jobs should be directed to Eugene Riley, Project Director, Lake County Community Action Project Office, 215 Water Street, Waukegan.

Congressman McClory pointed out that President Nixon established a goal for federal government employment of one job for a disadvantaged youth for every 40 regular Federal employees. This will result in 65,000 summer job opportunities. Applications for summer positions in the Twelfth District may be addressed to the Personnel Officer of any Federal agency or bureau, including Fort Sheridan, Great Lakes, and Downey Veterans Hospital, which will offer a total of 170 jobs to disadvantaged youths.

The National Alliance of Businessmen has promised to find jobs for 175,000 youths in private enterprise, including placement of 20,000 young people in the Northeastern Illinois area of Cook, Lake, Kane and McHenry Counties.

Congressman McClory also admonished young people to use their individual resources in finding summer employment by applying for work with municipal governments, park districts, highway departments and with individual citizens to provide them with healthy activity and supplement their funds.

Additional information may be secured by contacting the Illinois State Employment Service Offices at 150 S. Genesee Street, Waukegan, or 76 South Grove Street, Elgin.

EDITORIAL

VALUE TRAINING BEGINS AT HOME

When some unknown sage coined the phrase "an idle mind is the devil's workshop", he or she may have been closer to the truth than they realized.

Now that school is out, children have been unleashed upon an unsuspecting populace. Under normal conditions their presence would only be noticed as they wandered by or played in parks and vacant lots.

However, due to a variety of factors their pent-up energies have been unleashed through harmful channels.

Last week stones shattered numerous windows at the Upper Grade Center doing hundreds of dollars of damage.

If this were an isolated incident, it could be written off, unfortunately it won't and can't.

Later in the week two small boys aged 8 were observed attempting to set fire to a pile of debris near the Antioch Sewage Treatment Plant. Later that same day several small children were seen rolling discarded car tires into the sides of automobiles.

Already this summer three children have been injured on mini-bikes and many others will probably join the ranks of the "walking wounded."

While parents in the large metropolitan areas worry about their children's play among the busy streets and construction zones, they probably long for the chance to move to a rural environment with its open space and clean air.

Open space and clean air, however are no guarantees of safety if parents are not diligent in protecting the welfare of their children.

It is a sad statement indeed when parents, either through apathy or opposition veto a referendum designed to ensure their children a first rate education. It is even more sad, perhaps almost criminal, when parents allow their children to roam freely without regard to their destination or activities.

Parents, don't wait for a printed hint flashed on the television screen to wake you up. Make an effort to regulate your children's activities. It could mean the difference between a normal healthy child and a mis-directed social misfit.

TO THE PEOPLE OF LAKE COUNTY

We are residents of Lake County and we are concerned about pollution - especially in the Chain of Lakes. I, and many others, thought perhaps the Lake County Sewer System (known as the Northwest Area Project) would be helpful in accomplishing that goal. We have learned, however, that just the opposite is true!

.. We obtained Northwest Sewer Service Area Engineering and Financial Study from the Lake County Dept. of Public Works. The report was prepared by Bauer Engineering Inc. Chicago, Ill. May 1972

.. Included in the initial area to be served, identified as Phase I are: Village of Fox Lake, Fox Lake Hills, Long Lake Ingleside, Stanton Bay, and Antioch Country Club" * * Customers have been based on data and reports obtained from Consoer Townsend Associates and the Lake County Regional Planning Commission.

We question what possible information County officials could submit to indicate a need for public sewers for property as the Antioch Country Club where no homes or people presently and may never exist. Certainly there are others in far greater need presently living in Lake County to whom those sewers should be installed. Why then is Antioch Country Club Development given first priority? We also question as to who will pay for the 14,900 feet of 42" pipe from Antioch Country Club to Ingleside at an estimated cost of \$938,700? * * First things first!! Charity begins at home.

How then are we going to clean up the Chain of Lakes if County officials have no consideration for the problems and tax dollars paid by existing residents but rather concentrate their efforts in chiding to the "whims" of developers first? Where is the concern for "the people" that these officials declare so fervently during their election campaigns? Have we been forgotten? Or, have our elected officials forgotten for whom they work?

Perhaps a solution lies in working to enforce our present laws by prosecuting violators of health dept. regulations. We do not feel that the Northwest Sewer Service Project as proposed is the answer to cleaning up the Chain of Lakes. It is our opinion that the County Sewer System is a developer's dream come true... a "lure" to attract developers to go "fishing for profit" in the Chain of Lakes Area! Don't take the bait! or, we'll all go under... hook, line, and sinker!

The "Pit" No Place For Soft Hands

The menacing, grinding, turning machine is warily approached. In deference to its size, bulk and the psychological implications of its occupation, bystanders are hesitant to move in close.

It discharges its strange cargo and then, its task accomplished, rolls away lighter, but still an imposing sight.

Cement trucks have always held a special fascination for Americans. Spellbound, we gaze at their ridiculous shape, while pondering their particular task and destination.

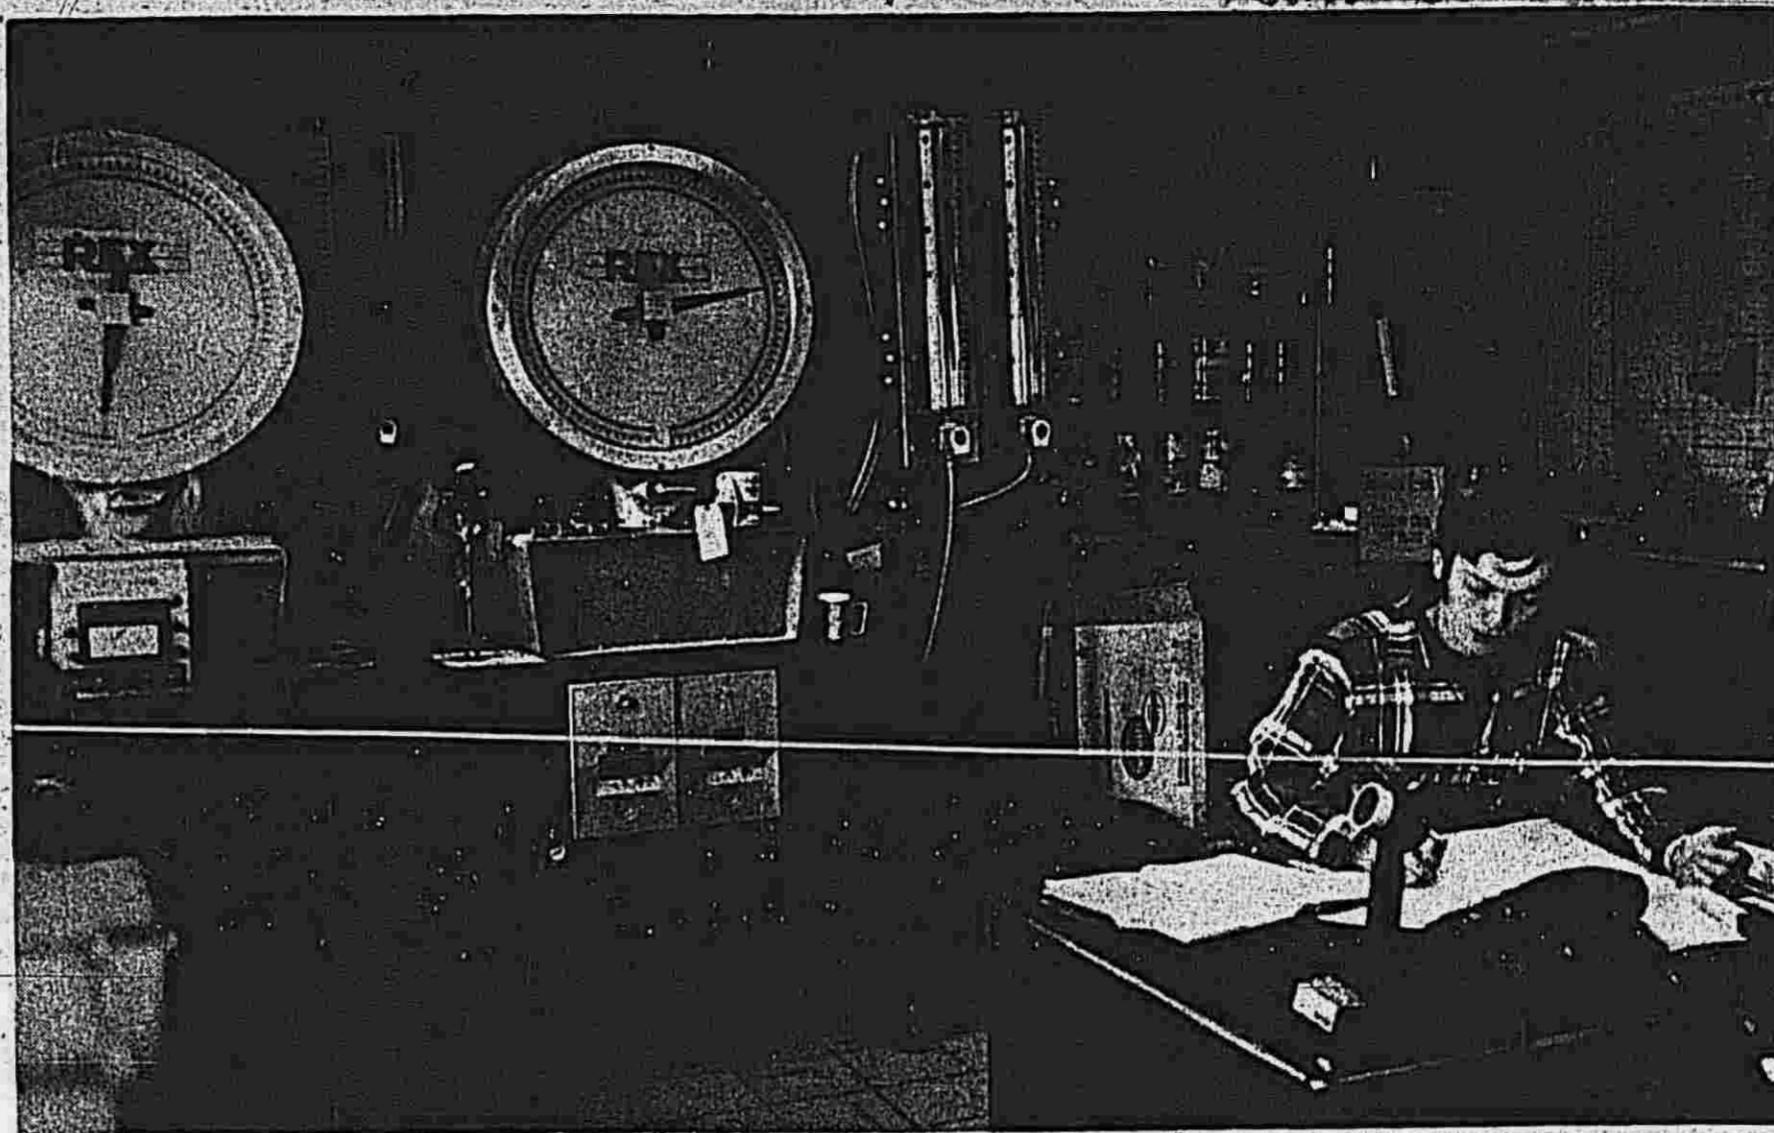

However, like any other mystery or symbol, the saga behind them is believable—or perhaps too much so.

While progress and development have closely followed their oversized tire prints, the starting point for their endeavors is not a lofty hill or sun-bathed summit, but a crater.

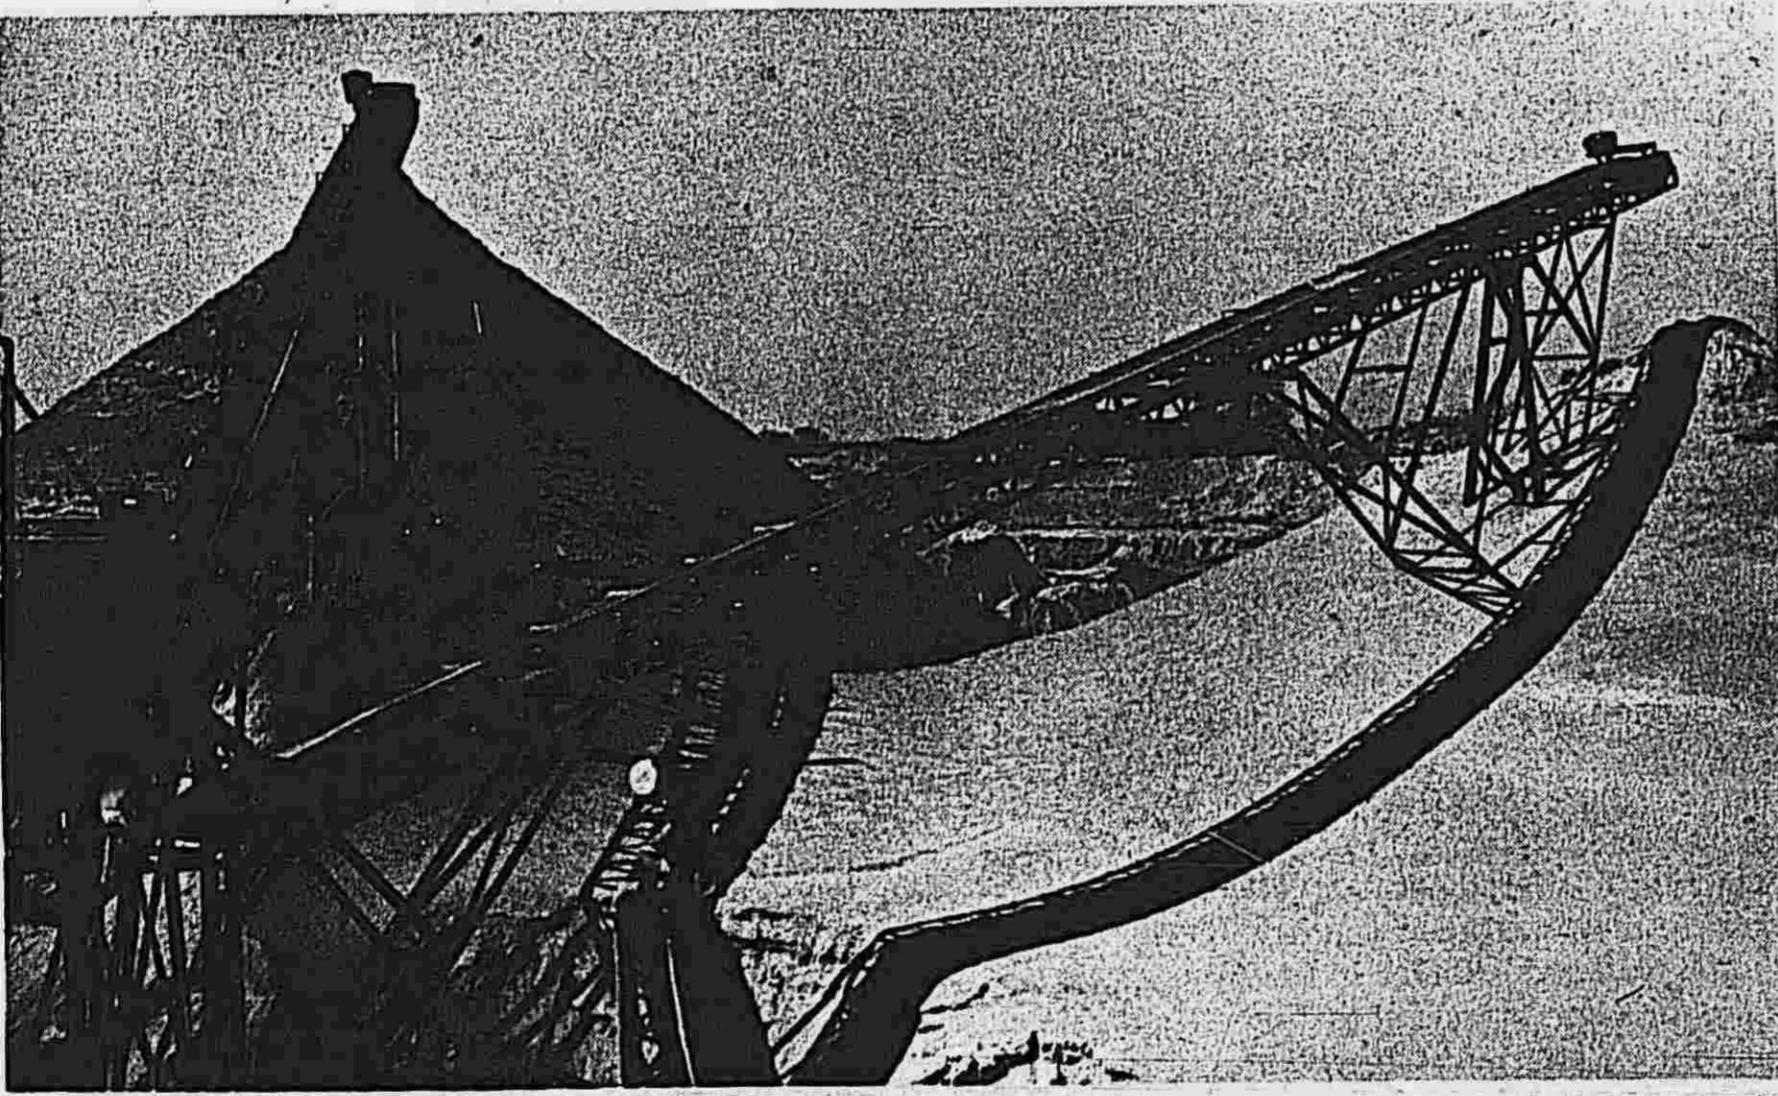

Here, many feet below ground, men toil in the blazing magnified sun without visible connection to the mastadons who transport their earthen labors.

There is no glamor in the "pit". There is only work, sweat, blisters and the fight to meet schedules. Here, the real work is done.

Thelen's Gravel, west of Antioch, is just such a place of schedules and sun-burns. Even though technology has phased out shovels and picks, the job of extracting man's dreams (buildings, roads, statues) still requires men.

Pictured here are the men, machines and techniques that make the dreams possible.

William Brook Assists Republican Fund-Raising Dinner

A vivid exposition of Republican thinking on 1972 election issues is expected when Senator Robert J. Dole of Kansas, chairman of the Republican National Committee speaks in Lake County.

Dole will address the fund-raising dinner of the Lake County Republican Federation at 7:30 p.m. Friday (June 16) as Illinois Beach State Park Lodge in Zion.

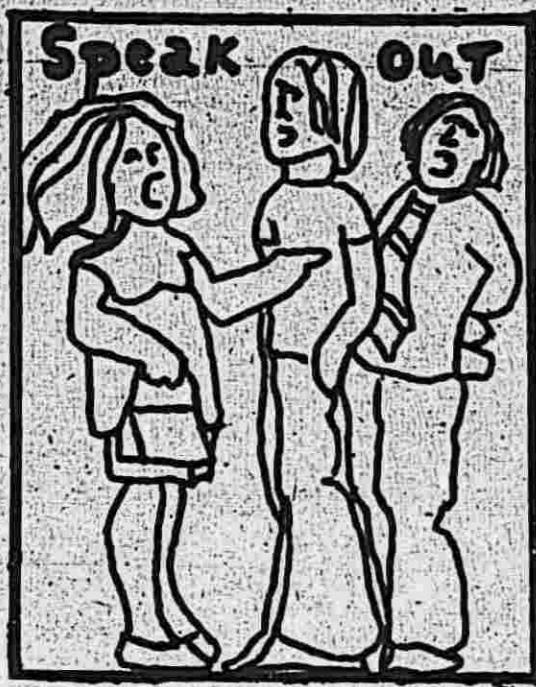

Present will be Illinois U. S. Senator Charles E. Percy, who will arrive at 6:30 p.m. Percy will greet and talk to people for about an hour before flying to Rockford for the State Republican Convention. Governor Richard B. Ogilvie is hopeful he can attend, reported Dinner Chairman Michael Cudahy of Lake Forest.

Working with Cudahy on the

ticket committee are County Treasurer Robert G. Skidmore, Highland Park; County Board Member Keith M. Pederson, Lake Zurich; William E. Brook, Antioch, Federation Vice-president; Ellis Fuqua and Mrs. W. W. Haqnauer, Waukegan, and Mrs. Albert D. Gravenhorst, Lake Forest.

Funds raised through the dinner, Cudahy said, will be used to support the entire Republican ticket in November and to maintain a special campaign headquarters.

The Republican State Convention opens Saturday, June 17, in the Rock Valley College Fieldhouse and will feature all the party officials, including Governor Ogilvie, Senator Percy and Attorney General William J. Scott.

This week's question didn't get too varied a response, but when I think about it, if someone asked me the same question, I guess I would answer it about the same as the people did. This week's question is:

WHAT ARE THE ADVANTAGES OF LIVING IN Antioch?

MRS. MADDEN, of Antioch, said, "I think some of the advantages that we found from living in Antioch is the kindness of our neighbors. We have really been very lucky. Also the ability to see the beautiful sky at night. When my niece came from Chicago she remarked how lovely it was to look at the sky. And the location. You are next to Milwaukee and Chicago and you can get to either one in about an hour's time."

FATHER JOHNSON, of St. Peter's Parish, states, "First of all the advantages, I think, is the town itself is neat, clean and attractive. The people are

very, very hospitable and warm. The surrounding territory with the lakes and so on are relative to relaxation and fun. It is just a pleasant place to live in. Period."

MRS. VASEK, of Antioch, answered, "We enjoy the country as opposed to city living where we used to live. It is unfortunate that the schools are having problems, but we enjoy the quiet out here. Hopefully they will pass the referendum. The people are very friendly. We lived in Franklin Park before, right next to O'Hare field where there was congestion, dirt, noise, etc. These are some of the things we don't miss."

MRS. HARRIET PIRSON, of Antioch, said, "I just love it. I don't want to move back to Chicago. In Antioch you have everything you want. The lakes, it's country living, it's close to churches and schools. Chicago was bad because of the traffic, dirt, smog, all that stuff. I have still got pollution from the cars because I am living by the shopping center, but that is the only thing I don't like about it."

MRS. BUDNICK, of Antioch, answered, "You don't have to rush. There's not the hustle and bustle like in the city. It's better for the children."

MRS. GEIER, of Antioch, stated, "Well, we are moving away. But we enjoyed 9 years of living in Antioch. I was raised and brought up around here and Antioch is a good town. There is so many reasons why it's better than Chicago. The schools are

better. The people are more considerate. The pollution isn't bad. There is all kinds of recreations around here. We will never forget it and we will come back to visit. I have got to go now and vote yes at the referendum."

MR. LOEF, of Antioch, stated, "Antioch is a nice quiet community. I enjoy the freedom of not having to worry about parking your car, like you

worry about in the city. I also like the convenience of going into the village and shopping."

I hope everyone voted "Yes" to the referendum.

Peace till next week.

Gigi

In reply to the "SPEAK OUT" of last week, Mrs. Charles Moran, of Antioch, states, "Morals and life change, but what's new! Life has been getting much

faster as time goes on. I would estimate that at least 95 percent of the kids are straight. Clothes styles changes as always. Hemlines up or down for girls, full or tight pants for boys. Fashion is only a trend, here today, gone tomorrow. Parents who care press hard, true. However, and above all, trust, respect, concern and love are the answer.

To watch over and care for them is the KEY to moral."

Facelift For Route 83

Rte. 83, a main artery in the Chain O' Lakes area is due for a facelift this summer.

A June 12 vote of the County Board authorized the widening and resurfacing of a two and one half mile section of the road, from a point .4 of a mile north of Petite Lake Road to Illinois Rte. 173, later in the summer.

The project will see Rte. 83 widened from 18 to 22 feet and resurfaced with a bituminous (asphalt) coating. The road has been the topic of citizen complaints because of its many holes and narrow width.

Funding for the work will

be provided by the county with a credit given by the state on a future county-state project. Rte. 83 is a state highway.

Motorists will suffer only minor inconvenience and delay during construction. Plans call for one way traffic to continue in the affected area.

Edward Street, of the County Highway Department said the project should begin in late summer or early fall, depending on the signing of the credit by the state highway department.

Along the Way with Annie Mae

Well, it looks like our high school board has their work cut out. With the failing of the referendum, there will be many meetings, and decisions to make in the future. Hear **BILL HALEY** was ready to fly a huge banner in support of the referendum but things just didn't work out. Wrong rigging.

Get well wishes to **JIM QUEDENFELD** for a speedy recovery. Also **FLORENCE MORIN** and **FRANK BENES, Sr.**

Winsor Drive was a busy place this past Sunday, as **JIM & SHIRLEY CARLSON** entertained their many friends. Glad the weather held out.

Happy Surprise birthday was the order of the day Sat. when friends and relatives alike stopped by to wish **LOUISE JOHNSON** birthday greetings. **FRANK** is one husband that kept the secret quite nicely, and also planned the whole party.

Birthday greetings this coming week are: June 13 **JEFF SCHMIDT**, June 15, **TERRY O'BRIEN** and **LAURIE GOOD**, June 17, **JOHN DAVIS**, June 16 **LARRY ELLIS** and **MIKE KSIOSZK**, June 19 **LES MILLER**.

Five boys from ACHS left this past weekend for Milwaukee Bucks basketball camp. The week will be spent with experienced coaches showing them all their skills, and teaching them all the techniques of good basketball.

Lily, Wis. was the destination of **GAIL FIELDS** and her children and **WILLY SCHMIDT** and her children for a week vacation. How was the weather, girls?

RICH AND RITA ENDEAN

recently returned from a lengthy vacation in California.

Belated Anniversary wishes to **URSULA AND TOM HALEY**, on June 1. They celebrated 39 happy years. Anniversary wishes go to **HARRY AND GLADYS WALLACE** on the 15th, **JOHN AND ANN VOKOUN** on the 20th and special 25th Anniversary wishes to **BERNARD AND HELEN DEVRIES** on the 21st.

MRS. BETTY WAITE and children will be moving to Waukegan this week. Hope you don't forget all your Antioch friends, Betty.

SHIRLEY AND ELMO EDWARDS leave for Los Gatos, California on the 13th. Lots of luck to you. And be sure to look us up when next in Antioch.

JOE RUSH, ROY NELSON, AND STU GOOD made their annual fishing trip up north this week. They had a good time as usual, but made it home a day early because of rain. (or did they miss their wives?)

Just think, mothers, only a week into summer. Seems some kids are bored already!

See ya at the pool,

B.B.Q. - June 17th

The Antioch Welcome Wagon Newcomers Club B.B.Q. planned for Saturday June 17th promises to be a great way to start the summer. The BBQ is for adult members and guests. Just bring your meat and the liquid refreshment you choose. Also you might bring a lawn chair. There will be a charge of \$1.50 per person, which will cover all else you need. So remember June 17th - 6:30 p.m. at Sue Albrecht's - reservations must be in by Thursday, June 15th - call 395-6376 or 395-6044 for additional information and directions. In case of rain, shelter will be provided.

On July 5th, there will be a combined picnic-meeting held at Fox River Park in Wilmot at 11:00 a.m. This is for members and their families. Guests are also welcome. Bring along your own picnic basket and needs and just relax outdoors. Remember, this is our monthly meeting for July.

Tax Trouble To Face Robin

According to reports, Harry **Robin**, Grant Township Supervisor and member of the Lake County Board will be named chairman of the County Board of Review at the Board's next meeting.

Robin will have the unenviable task of chairing all tax complaint hearings and from the mood of the public he may be a busy administrator.

While tax complaints are always numerous, there is one threatening situation that may challenge the chairman's reasoning powers.

Cuba and Ela townships appear to be ripe for tax complaints. The two townships in the southwest section of the county, recently had a multiplier added to their tax rates to equalize their tax load.

The problem is compounded by the fact that Cuba township lies half in Lake County and half in Cook County.

Future Cadet - Rear Admiral Draper L. Kauffman, Commandant of the Ninth Naval District and Commander of the Great Lakes Naval Base, presents Gary R. Rush, 141 Cheri Lane, Antioch, a certificate of appointment to the U.S. Naval Academy. The recent ceremony was conducted at District Headquarters, Great Lakes.

Multi-Talented Doctor Exhibits Paintings

.. THE PAINTINGS OF Dr. James Kopriva will be featured in the gallery of the First Federal Savings and Loan Association of Chicago during the month of June. The exhibit consists of 15 pieces in watercolor, depicting landscapes of the rural Midwest and scenes from his travels through Europe. A family physician from Antioch, Dr. Kopriva began sketching and painting while stationed in India with the U.S. Army Medical Corps in 1944. Over the past 20 years, he has perfected his watercolor technique, at the same time maintaining a full-time medical practice in Antioch.

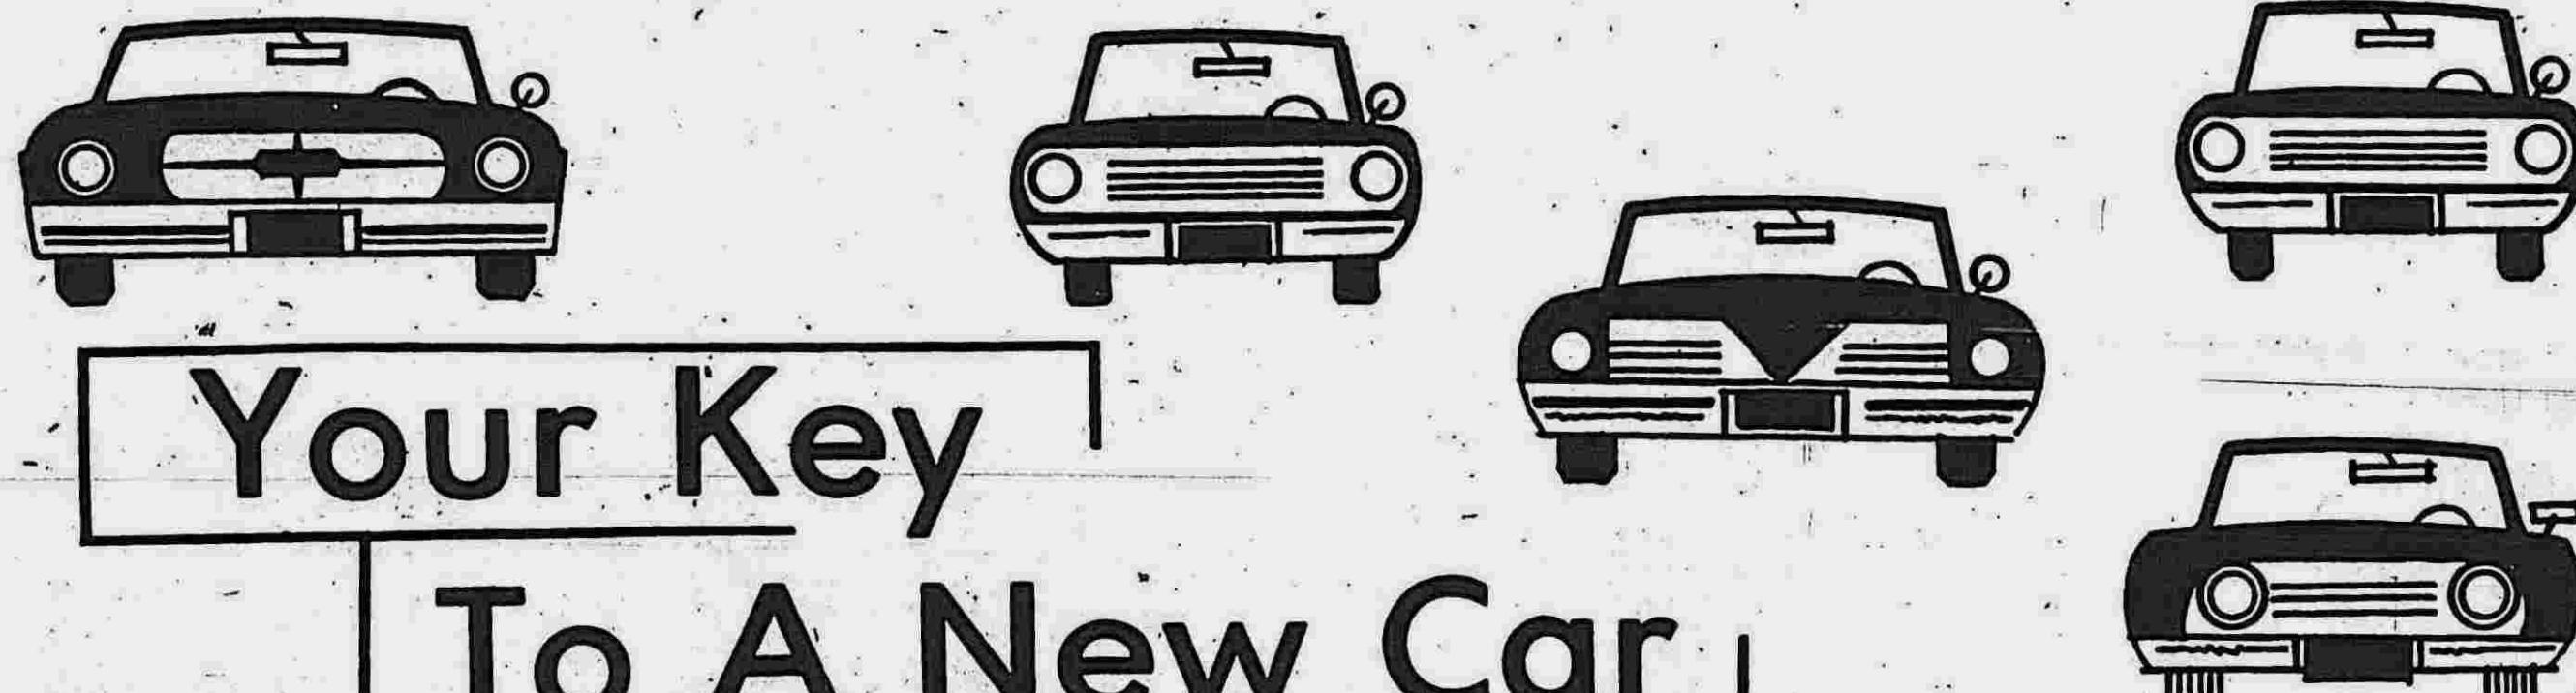

Dr. Kopriva has exhibited his work in numerous one-man shows throughout northern Lake County, Illinois. For three consecutive years, he won blue ribbons in the Town and Country Art Show state finals held in Champaign-Urbana. In

1966, his prize-winning entry from that show was purchased by the University of Illinois College of Agriculture.

In 1969, Dr. Kopriva received a blue ribbon and purchase prize at the Union League Club of Chicago's eighth annual art show. He won the best of show award at the 1971 Illinois State Medical Society art show held in Arlington Heights, Illinois.

Dr. Kopriva graduated from the University of Illinois College of Medicine in 1943. He and his wife Helen have two daughters and one son and live at 475 Winsor Drive, Antioch.

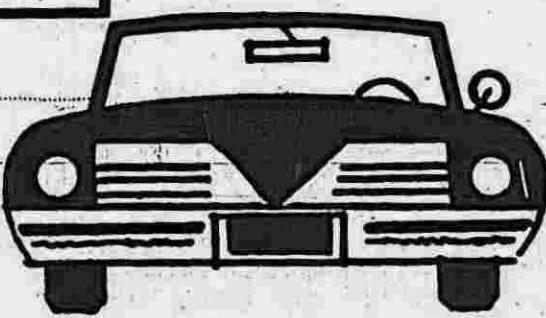

The First Federal Gallery, located in the safe deposit vault lobby at 7 South Dearborn, is open to the public during regular business hours: Monday and Thursday, 8:45 a.m. to 5:45 p.m. and Tuesday, Wednesday and Friday, 8:45 a.m. to 4:15 p.m.

ALL ABOUT CANVAS
There are two kinds of canvas, cotton and linen, used for supports (that is: panels on which artist paint pictures). Linen is more expensive, but more durable than cotton. They can be purchased in a variety of widths from 54" to 120", in standard lengths of 3, 6, 10, 20, 50, and 100 yard rolls; in various weights in pounds per square yard and threads per square inch; in rough to smooth textures, and primed or unprimed. You have a lot to choose from!

Primed canvas is canvas which has been prepared with a paint which will assure a tight bond to succeeding layers of paint. Many artists prefer to prime their own canvas for oil painting, for various reasons such as desiring a special texture, wanting a more or a less absorbent ground, or as a savings as unprimed canvas is cheaper. Acrylics can be painted directly on unprimed canvas or on canvas primed with Gesso, but the latter is more desirable as it is somewhat annoying to have the fuzz of the canvas mix with the paint on the first layer of paint.

To start out easy, buy primed cotton canvas. Then, as you progress in experience in stretching and confidence with your work, buy primed linen, for you should paint for posterity. Your paintings of today will be found in the attics of tomorrow! Read the labels on the rolls of canvas

before you buy; feel the weight and texture, and then decide what is best for your style of painting. Portraits and smooth paintings are usually done on smooth textured canvas. Palette knife techniques and heavy impasto could use heavy textured canvas.

Preparing the support for painting is really easy. One simple way is to apply acrylic polymer Gesso directly to the unprepared canvas and which in a matter of a few hours will be ready for oils or acrylic painting. Just follow the direction clearly stated on the can of Gesso.

The traditional method as recommended for oil painting is as follows. Coat the STRETCHED canvas with liquid glue size. (Formula for glue size: boil 1 qt. water, turn off heat, add 6 tablespoons of RabbitSkin glue, a little at a time, stirring until all is dissolved. Do not boil glue sizing as it loses its adhesive power) Using a 3" brush, brush the sizing on the sides as well. Let canvas dry, then sand lightly, and size again. Let dry, then apply priming with a spatula, painting knife, sponge, or large stiff brush. Apply evenly, into the grain, and texture the surface if you like. Let dry and give a second coat the next day.

The priming can be either Flake White Oil Paint, obtainable in pound tubes, quart or gallon cans, or a combination of powdered whiting (Calcium compound)

CELEBRATE CHRISTOPHERSEN'S 25TH

and powdered titanium oxide (2 to 1 ratio) mixed with glue sizing to a spreadable consistency. The addition of a bit of pure linseed oil is desirable for it will control the absorbency of the ground. Start out by trying about a half teaspoon per panel. Too much oil in the ground will not allow the oil paints to bind.

Happy priming. Next Week: FRAMING STRETCHED CANVASSES

Mr. and Mrs. Elmer ChristopherSEN of rural Antioch, were surprised—with a 25th Wedding Anniversary celebration given by their children at the home of their daughter (Mrs. Thomas Otterson) in Waukegan.

Fifty friends and relatives enjoyed an outdoor buffet made possible by the beautiful afternoon.

Besides Mr. and Mrs. Thomas Otterson the other members of the family are: Mr. and Mrs. Keith ChristopherSEN of Long Lake, Mr. and Mrs. Ronald ChristopherSEN of Whitewater, Wis., Mr. and Mrs. Duane Caddy of Camp Lake, Wis., and Mr. Charles Caddy of Deerfield.

Trudy Off To Chile

This summer 1972 ACHS graduate Trudy Soland goes back to high school—but this time in Concepción, Chile.

Through the American Field Service Trudy will spend 10 weeks living with a native family and attending school in this South American city.

A student of Mrs. Carol Mapleton, sponsor of the AFS club at Antioch High School, Trudy applied for the program several months ago, but did not receive notification of her acceptance until June 2. In the fury of shots and packing, Trudy spends any extra moments reading about the country which will be her home.

Trudy will live with the Raul Sorrel family for the entire ten weeks, attending Liceo Experimental Concepción, a public, all-girl, four-year high school.

TRUDY SOLAND

Leaving on June 19, Trudy will fly to New York for an orientation program with all students participating in AFS this summer, then off to her experience with the Chilean family.

One member of the family with which Trudy will live speaks fluent English. Having been a foreign exchange student to the U.S. for an entire year, Maria Eugenia Sorrel, this 20 year old daughter, is anxious to have Trudy in her home.

In their application requesting a U.S. student the family describes their home as "a large apartment in a residential part of town near downtown; very happy."

Trudy's trip is possible through the generosity of several local businesses: Quaker Industries, Froster-Foam Co., First National Bank, and the State Bank of Antioch.

Trudy is allowed to go as an exchange for the AFS student from Costa Rica, Julio Sanchez, who attended Antioch High School this year.

There will be no AFS student at ACHS next year unless more interest is stirred up in the community.

Trudy will return home on August 29, then head off to Illinois State University where she will be a freshman this fall.

THOM ORGELSTRAND TO ENTERTAIN ORGAN SOCIETY

The Lake County Chapter of the Hammond Organ Society will be entertained Tuesday, June 20 by Thom Orgelstrand a popular Wisconsin organist. The program will be at the Gurnee American Legion Hall at 7:30 p.m.

Refreshments will be served and the public is invited.

Antioch Grade Schoolers Win In Poster Contest

Northern Illinois Gas Company has announced the names of honorable mention award winners in its recent Environmental Poster Contest for elementary schools. Judy Houghton of 571 Phillips Circle, and Ruth Maplethorpe

of 1023 Victoria Street and Jay Heick of Rt. 4 Box 508, Antioch, who attend Antioch Grade School, are three of several local children to receive award citations.

The poster contest, highlighting artwork and ecology slogans, was for students in elementary grades 1-4. Judges included experts from the Clinton E. Frank Advertising Agency, Oxford Films, Inc. and Chicago Sun-Times Newspaper. Nearly 5,000 posters were entered in the competition.

IAA SUIT SEEKS SEPARATE ACCOUNTING FOR TAX PAYMENTS

The Illinois Agricultural Association today filed suit in the Circuit Court of Cook County asking the Court to order all Illinois county tax collectors to place in a separate account all payments of personal property tax bills for 1971 by individuals.

The class action suit was filed by the state-wide Farm Bureau on behalf of its 200,000 member families. Joining the IAA as plaintiffs are 102 farmers, one in each Illinois county, representing all

of the personal property tax payers in the state. Plaintiff for Lake County is Melvin Krueger, 514 E. Rt. 120, McHenry.

The purpose of the legal action is to make certain there will be money available in the treasury of each county to make a refund to taxpayers if the United States Supreme Court rules that the 1970 referendum ending the personal property tax on individuals is constitutional and that the personal property tax as to individuals was abolished as of January 1, 1971.

Arsenic And Old Lace To Open This Saturday

Women Of The Moose

The chapter meeting of the Women of the Moose on Thursday, June 1, welcomed eight new members. Diane Nettles and Anna Nettles was sponsored by Erna Toft, Diane Hoeksel, Betty Denhard, Anne Baulch, and Sue Kasper was sponsored by Jerry Polson; Darlene Gers was sponsored by Darlene Gers, and Louise Mezzano was sponsored by Pat Sperling.

Installation for the new officers will be on Saturday, June 17 at 8 p.m.

The next meeting for the Women will be on Thursday, June 15 at 8 p.m.

Take two sweet old ladies who tend to poison their gentlemen callers with elderberry wine with just a wee pinch of arsenic in it, a bugle-blowing gentleman who thinks he is Teddy Roosevelt, a drama critic and his fiancee, a sinister character who comes with his own corpse and the appearance of Boris Karloff, and a doctor who really isn't a doctor but does plastic surgery on gentlemen trying to escape the law -- mix these all well and the end result is ARSENIC AND OLD LACE.

"Arsenic and Old Lace" by Joseph Kesselring is a masterpiece of comedy and will open this weekend on Saturday, June 17 at the PM & L Theatre, 877 Main St. It will also be presented on Friday and Saturday evenings, June 23, 24, 30 and July 1. Curtain time is 8:30 p.m.

Director Ken Smouse feels that he has come full circle with this play. Approximately 10 years ago he began directing

drama at ACHS and Arsenic and Old Lace was his first play. Now it's a different cast, a different year but the same play -- appealing to all ages and all types of people.

Much talent from a wide area makes up the cast. Included are: Shirley Jensen, Aileen and Paul Biel, Hank Apostol, Bill Sershon, Russell Matthews, and George Blanksten from Antioch; Tom Hausman from Lake Villa, Bill Simpson from Wildwood, Bob Bundy from Fox Lake, Frank Harnish from Grayslake, Gerry Petter from Round Lake, Kris Bates from Waukegan, and Don Beveroth from Paddock Lake, Wis.

GILEAD HOUSE

Wilmot, Wisconsin is a town that time passed by, preserving an unique heritage of old commercial and residential buildings that have been carefully restored and furnished with rare fixtures and furnishings from the time of the community's glory late in the 19th century.

Prominent among the attractions in Wilmot is the GILEAD HOUSE, a beautiful dignified, authentically refurbished country mansion built in 1893. To dine at the GILEAD HOUSE is to step back into history to a time when dining was an experience, not simply a necessity.

The three-story mansion, nestled amidst a grove of ancient oaks, boasts fine country cookery with a dash of the gourmet.

French crepes, creamed chicken and gourmet sandwiches are featured on the luncheon menu.

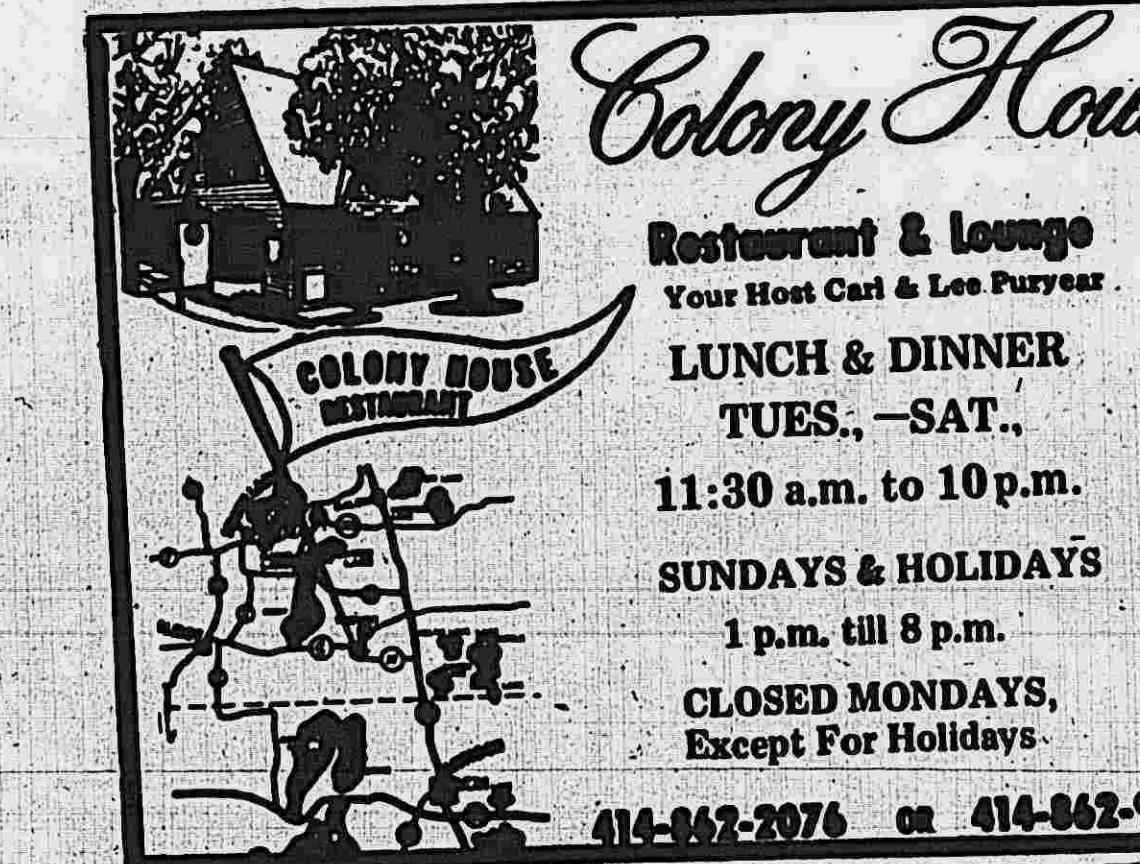

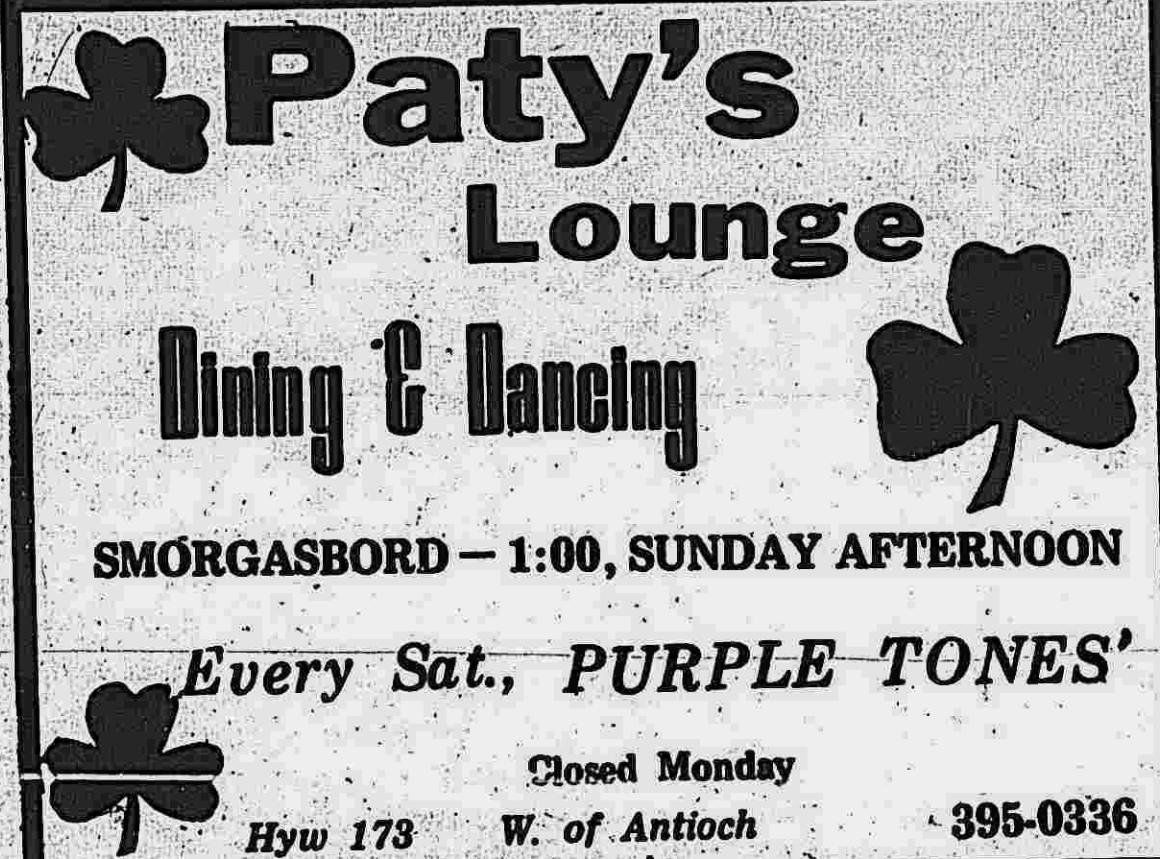

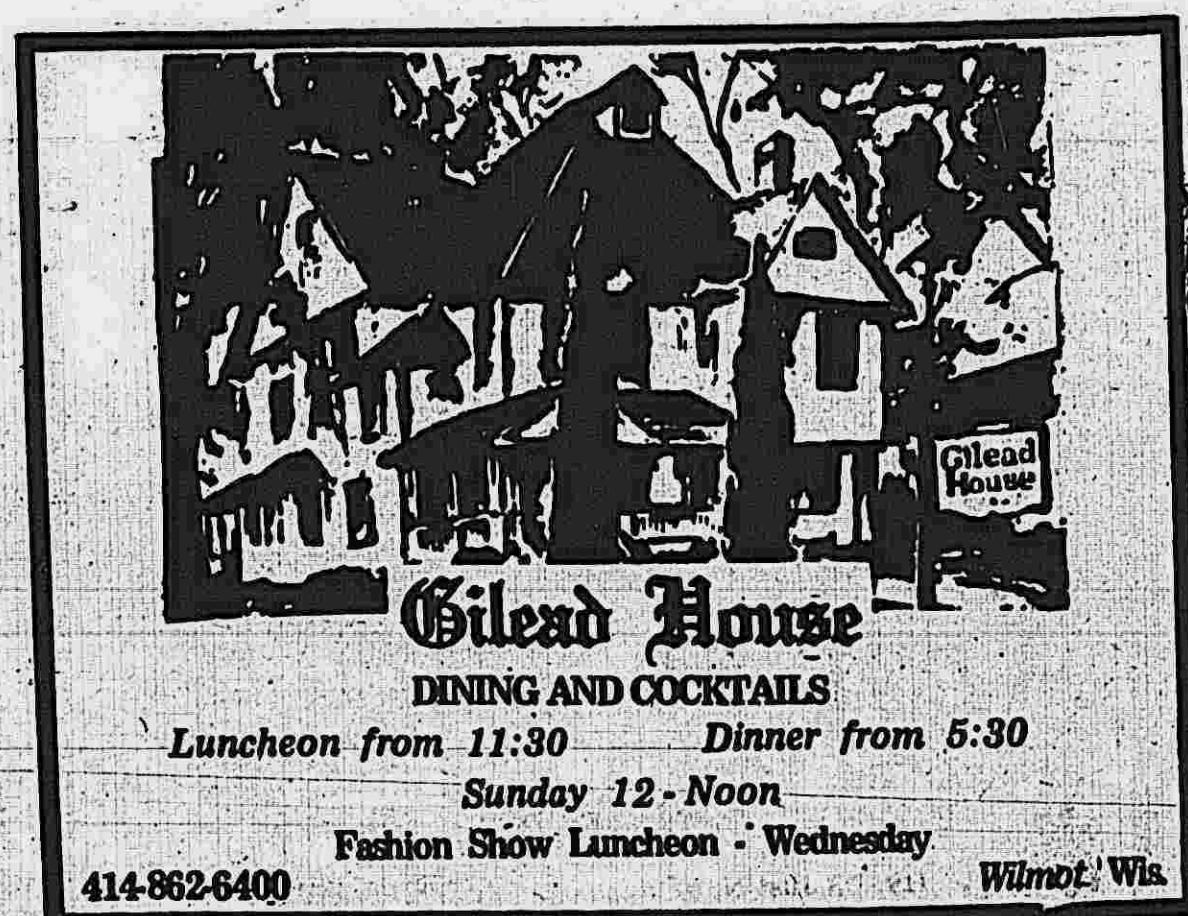

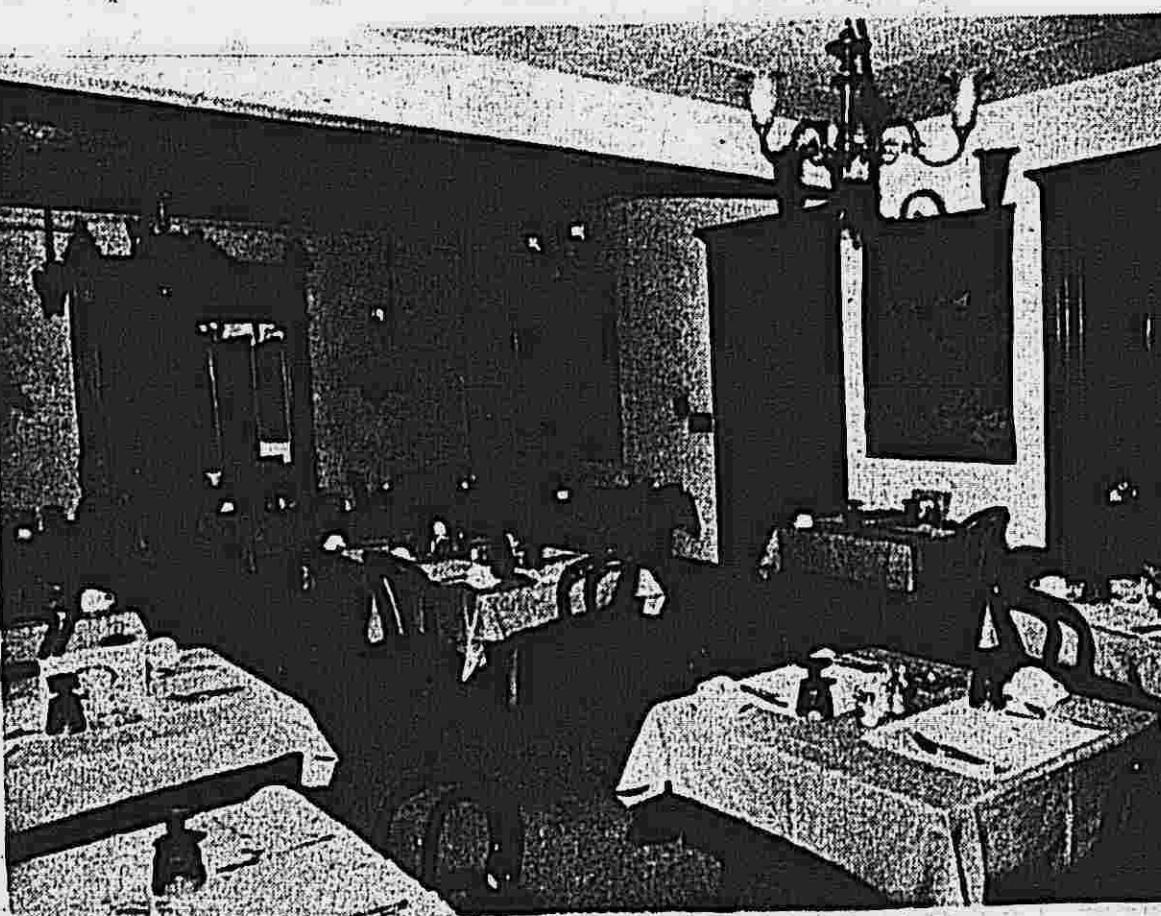

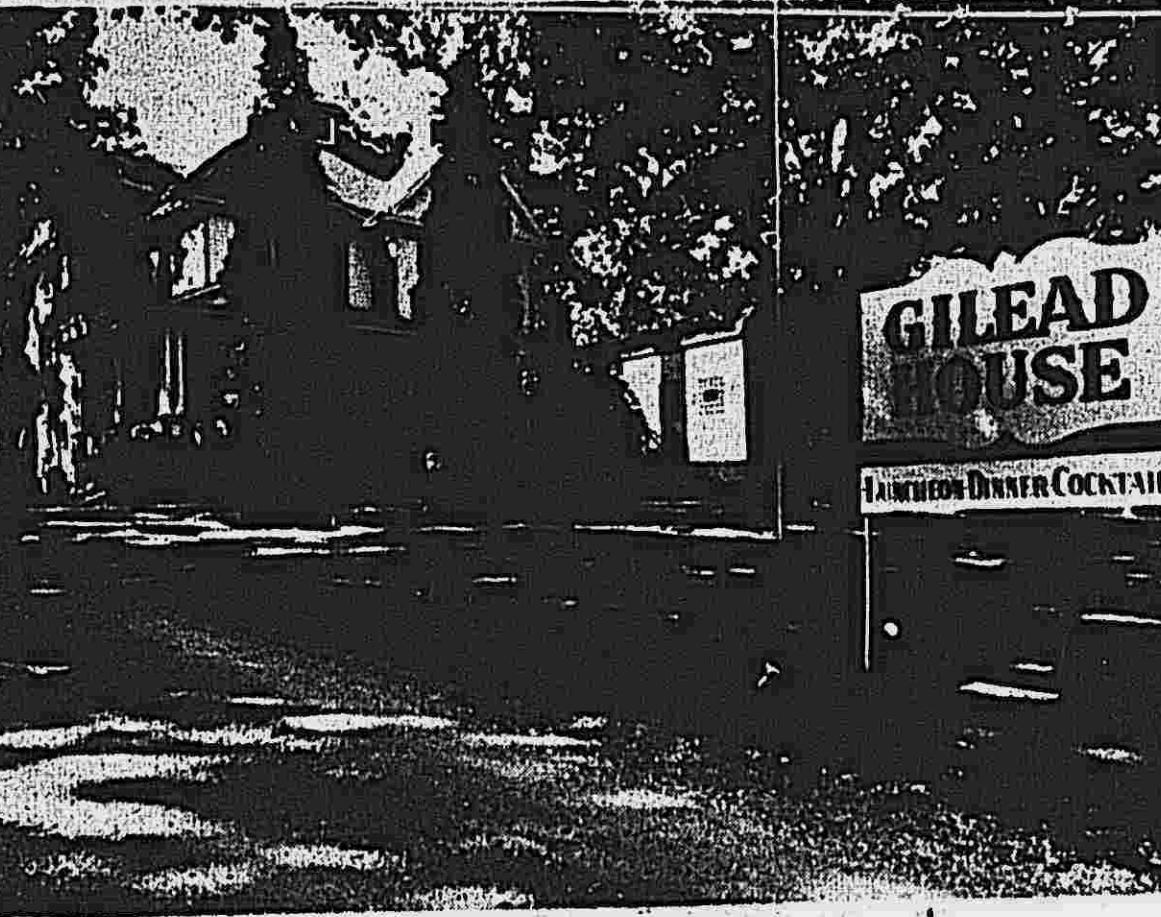

Entrees include roast ribeye of beef, Alaskan King Crab Legs with drawn butter, Shrimp de Jonghe, Chicken Kiev, prime steaks and other specialties that delighted the palates of the robber barons and their ladies in the gaslight era.

The Gilead House is also proud of their home baked pastries and bread. Each is served piping hot and a treat indeed.

In the past years Wilmot has become a real attraction for those with nostalgia for the quiet life our ancestors knew in the little rural market towns of the last century. How better could you spend a day than luncheon at the GILEAD HOUSE followed by bargain hunting in the town's many shops?

For an adventure in eating, the GILEAD HOUSE is a must.

CLC Names Honor Students

Dr. R. Ernest Dear, Dean of Instruction at the College of Lake County, announced that 419 students at the College qualified for the Dean's Honor List for the spring semester of the academic year 1971-72. Students from the Antioch area who were named to the Dean's list are: JoAnne Boros, Barbara Druse, Leland Gagnebin, Jimmy Holcomb, Edwin Krupo, Louis Morjal, Marilyn Olson, Patrick Sheehan, Kathleen Wurster, Georgette Banwart, Dorothy Brown, Dawn Ellis, Lucinda Hahn, Carl Knutsen, John Mihovilovich, John Murphy, Jaffrey Pachay, Raymond Wozny, and Deborah Zale. Dr. Dear stated that the qualifications for the Dean's List require that a student carry a full load of 12 or more semester hours and achieve an overall grade point average of 3.0. Dr. Dear stated, "A special recommendation should be given to JoAnne Boros and Georgette Banwart who achieved an overall grade point average of 4.0. Forty students achieved an overall 4.0 or straight "A" grade in all courses attempted.

"Let's Get Involved"

Theme For 1972 State 4-H Week

If there's one thing the 77,000 young people who take part in Illinois 4-H programs have in common it's that they're involved. They're involved with their families, their homes, their communities, and their world.

And more than 1,200 of the Illinois 4-H'ers will learn more about what interests them during State 4-H Week, June 12-15, on the University of Illinois Urbana - Champaign campus.

"Let's get Involved" is the theme for the 1972 State 4-H week program.

George Daigh, assistant state 4-H program leader for the U. of I. Cooperative Extension Service, explains that delegates to State 4-H Week are chosen from among older 4-H members in each county on the basis of their 4-H activities and leadership qualities.

During the four-day program

at Urbana, the young people will hear many outstanding speakers and participate in discussion sessions focusing on such topics as man and the ecosystem, recycling, women's liberation, politics, advertising and understanding ourselves.

Local delegates are: Mary Steffenburg, Doris Meuter, Cory Drosen, Rosemary Scheske, and Diane Rentner from Antioch, and Cathy Myers and Patty Ogden from Lake Villa.

The 3 chaperones are Mrs. Jerold Schoelzel and Mrs. Edward Hevredje from Antioch; and Mrs. Melbourne Mudd of Libertyville.

State 4H Week is sponsored by the Illinois Cooperative Extension Service, University of Illinois. 4H is open to all youngsters between the ages of 9 and 19 years regardless of race, color, or national origin.

VACATION BIBLE SCHOOL

The Antioch Evangelical Free Church announces its plans for Vacation Bible School for the family - beginning June 22 - 30 from 9:00 a.m. to 11:45 a.m. for children from age 4 through 5th grade.

Our theme for the children is "Exploring Tomorrow with Jesus". Bible stories, songs, games, crafts and refreshments will center around our theme.

The adults are invited to our evening school directed by Dr. and Mrs. Gilbert Maple, Sr. The adults school beginning June 26-30 from 7:00 - 8:30 p.m. will feature the theme "How to Succeed in Family Living". Each evening will feature new speakers and subjects.

Dems To Fill 12th District Congressional Spot

The 12th District Democratic Congressional Committee will meet at 8 p.m. on Monday, June 19, at the Highland Park Recreation Center to choose a nominee to run for the office of U. S. Representative to Congress on the Democratic ticket in the November election. Charles M. Houchins, the previous nominee, has recently signified his withdrawal due to personal reasons, thus creating a vacancy.

All persons interested in running for the U. S. Congress on the Democratic ticket in the 12th District should appear before the Committee at that time.

By statute, the Committee is composed of the Township Chairmen of the various Cook

County districts, and the precinct Committeemen of the various Lake County townships. The statutory chairman is the State Central Committeeman, in this case, the Hon. Daniel M. Pierce, Democratic Minority Whip in the Illinois General Assembly and 32nd District State Representative.

Among those having to date expressed an interest in the nomination are Betty Spence of Buffalo Grove, a Lake County resident recently elected as a Delegate to the Democratic Nominating Convention, and Marshall Rothman of Palatine, who recently lost a bid for the Democratic Senatorial nomination in the 2nd District.

The public is invited to attend the meeting on June 19.

Allendale School For Boys Will Celebrate 75th Anniversary Country Fair June 16-18

Heigh, ho! Come to the fair! The Allendale School for Boys is celebrating its 75th anniversary with an elaborate three-day Country Fair to be held Friday, Saturday and Sunday, June 16-18, from 12 noon to 12 midnight on the grounds of the school in Lake Villa.

The fund raising carnival will feature many rides, games with prizes, concessions and special entertainment each day. On Friday, from 8:30-10 p.m. there will be a Square Dance led by Lenny Roose, the regular caller for the Lake Promenaders of Lake Zurich.

Saturday's entertainment will be another fireworks display also at 10 p.m.

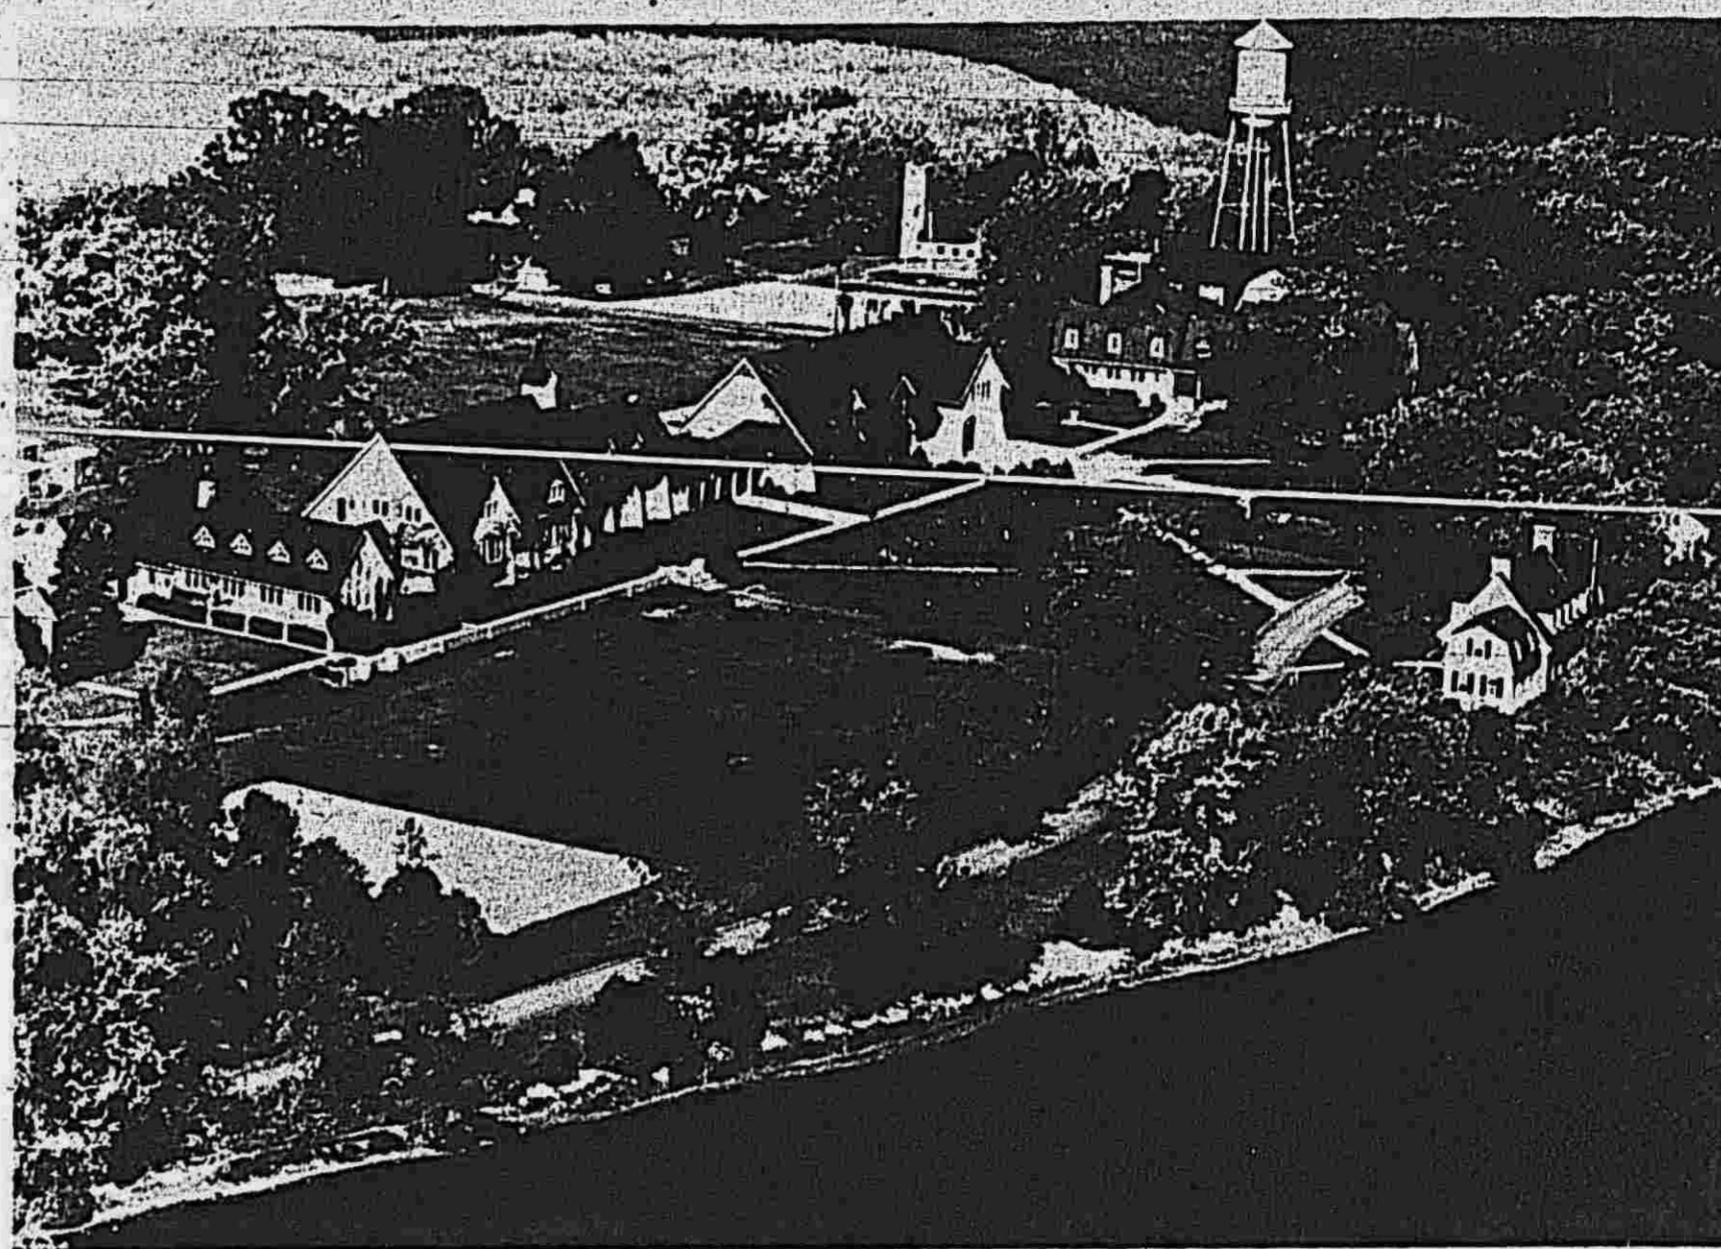

On Sunday at 3 p.m., "Tell It Like It Is," a teen musical group will perform. At 5 p.m., Jessie Toledo, the Human Torpedo will perform his skydiving routine along with two

other jumpers. They will land, complete with torches, on Allendale's athletic field.

Early Sunday evening the public drawing for the raffle items will take place. Prizes include a 1972 Chevrolet Vega, a mini motorcycle, Schwinn ten-speed bicycles, and many other valuable prizes.

Allendale School for Boys was founded in 1897 by Edward L. Bradley, a prominent Chicago citizen. For 75 years it has been privately owned by the Allendale Association to help disturbed youths from all over the Chicago area.

Allendale School for Boys is located in Lake Villa on Highway 132 (Grand Avenue), 10 miles west of the Tri-State Tollway. It is on the western shore of Cedar Lake. Everyone is welcome to come to the fair!

The Allendale School for Boys is situated on the western shores of Cedar Lake in Lake Villa, Illinois, 50 miles north of Chicago. The campus, which has 31 buildings including seven cottages, the school, library, gymnasium, chapel and hospital, covers 18 of the 120 acres owned by the Allendale Association.

Ray Enzenbacher is recuperating from lung surgery at Downey Veterans Hospital and doing very well. Anyone wishing to send a card may do so by sending it to Ray at Downey Veteran's Hospital, Building 133, Downey, Illinois. I'm sure they will be welcome.

Judy Bjork and Julie Gutowski held a pool party and picnic at the Bjork home last Tuesday afternoon. The 18 fellow 8th grade graduates had a very good time as did chaperones Louise Gutowski and Barb Bjork.

Dave Koppa was the guest of honor at his home on Grapevine Avenue when his parents treat-

ed him to a party following his high school graduation. Among the 25 guests at the gathering was Mrs. Koppa's mother from South Haven, Michigan.

Also, honored with a party after his high school graduation was Wayne Meierdirk, son of Elmer and Doris Meierdirk.

Dick Whitton is popping his buttons because he caught a 10 1/2 inch Bluegill in the Channel in his back yard. While Dick spends his time fishing his sister Lorna is vacationing with her great-grandmother in South Haven Michigan.

The Antioch and Channel Lake Brownie Troops spent Saturday afternoon roller skating in Twin Lakes, Wis. with leaders Donna Dahlberg and Kay Doty. After skating the girls returned to the Scout House in Antioch for a picnic lunch prepared by Pat Smith. Let me know the news.

Chicagoland Poetry Contest - August 1st Deadline

The annual Chicagoland poetry contest sponsored by Poets and Patrons, Inc., an organization of coordinating poetry study groups in Chicago and suburbs, offers cash awards for 1972 in twenty different classifications.

The popular "First Step Contest" for poets who have never won an award in a previous Chicagoland contest is being repeated, as also is the award for the best poems by high school juniors and seniors. Other categories include free verse, lyric, light verse, haiku, sonnet, religious, dramatic monologue, - portrait, and nature.

First place award in each classification is \$10 and second place \$5. The Ella Kracks award of \$50, courtesy of W. Clement Stone, will be given for the best of all the first place winners.

The contest is open to all persons living within a 60-mile radius of Chicago. Membership

in a study group is not required. However, all entries must follow specific rules as to length of poem, content, and presentation. Rules may be obtained by sending a self-addressed stamped envelope to the contest chairman, Anne Nolan, 1509 E. 75th St., Chicago, Ill. 60619.

Deadline for receiving poem entries is August 1. Winning poems will be read and awards presented at the annual Poets and Patrons dinner October 14th in observance of National Poetry Day. Notice of the dinner will be sent to all who enter the contest.

Sportsmen

Taking time off from pre-season football practice, a few of the Chicago Bears get in a little golf practice on the side. They are warming up for the Charmflow Invitational Celebrity Pro-Am Golf Tournament in which they are participating. The charity tournament will be held at the new Abbey Springs Country Club in Fontana-on-Geneva Lake, Wisconsin on June 23. All proceeds from gate receipts will go to the Christian League for the Handicapped in Fontana.

Professional athletes from teams all over the nation will be represented — from football and baseball to basketball and hockey to the world sailing champion and university athletic directors. They will be teamed up with P.G.A. golfers from country clubs throughout Illinois and Wisconsin, and a nationwide roster of amateur golfers "hitting the big time" with the pros and celebrities.

This annual Charmflow event, now in its sixth year, is the world's richest one-day celebrity pro-am tournament with \$35,000 in cash, prizes and gifts including eight new cars. This is the first year, however, that it will be held at Abbey Springs Country Club. Frank "Biff" Pancratz, Director of Golf at Abbey Springs and Director of the Charmflow Tournament for six years, says that this new and challenging course should make the two-ball, best-ball event the most exciting one to date.

Abby Springs Country Club is part of the luxurious recreation core of the Abby Springs Resort Condominium complex. Charmflow Products, the nation's leading manufacturer of gas lighting fixtures and gas barbecue grills, is noted for their hiring of the handicapped. Spectators will be welcomed at the tournament.

Dad's Day Tribute

Make Father's Day an extra-red-letter day by serving Dad's favorite Cherry Pie with crimson fruit filling. A tender corn meal pastry crust gives this pie special man-appeal; its slightly crunchy texture and delicate flavor complement the juicy, tart-sweet filling perfectly. (Be sure to use enriched corn meal for its bonus of vitamins and iron.)

After the last of the steak dinner (Dad's other choice for his day) has disappeared, slice a generous wedge of pie and present to Dad with a mug of steaming coffee. He'll recognize this home-baked treat as a loving Father's Day tribute.

DAD'S FAVORITE CHERRY PIE

Makes 8 servings

Crust:

1 1/2 cups sifted all-purpose flour
1/2 cup enriched corn meal
1 teaspoon salt
1/2 cup shortening
6 to 8 tablespoons cold water

3/4 cup sugar
Three 1-lb. cans red sour pitted cherries, very well drained
6 drops red food coloring
1/4 teaspoon almond extract
1 tablespoon butter or margarine, cut into small pieces

Filling:

2 tablespoons cornstarch
Dash salt

Heat oven to hot (400°F.). For crust, sift together flour, corn meal and salt. Cut in shortening until mixture resembles coarse crumbs. Add water a tablespoon at a time, tossing lightly with a fork. Form into a ball. Divide in half. Roll out one half on lightly floured board or canvas to fit 9-inch pie plate. Line pie plate with pastry.

For filling, combine cornstarch, salt and sugar. Add cherries, food coloring and almond extract, stirring just until blended. Pour into pie shell. Dot with butter.

Roll out remaining pastry to fit top of pie. Place over filling; trim, seal and flute edges. Cut slits in top for steam to escape. Sprinkle with granulated sugar. Place immediately in preheated oven (400°F.). Bake 45 to 50 minutes or until bubbly. Cool.

Hinzpeter Has New Geneva Rival

Ken Hinzpeter, Twin Lakes had another battle on his stock car driving hands at the Lake

Geneva Raceway Saturday night but this time it wasn't his rival Gil Shilts of Delevan. Richard Drew, Lake Geneva, supplied the alongside racing this time and Shilts was further back in the pack finishing fourth.

Finishing third was a former Lake Geneva Raceway late model stock car driver, Paul Croddock, Round Lake. Croddock drove his late model stock car using Sportsman stock car tire sizes. He set second fast time behind point leader Shilts who turned a 19.40 second run. At the end of the first lap Croddock was fifth but could never make it up beyond third position. Sonnie Hudson, Elkhorn finished fifth to round out the top five close runners.

Brent Connelly, Lake Geneva won the semi-feature for the Sportsman stock car group and heat race winners Jerry Bauman, Genoa City; John Baumlester, Burlington; Drew and Jerry Straube, Burlington.

The Spectator stock car feature was won by Sam Grubb, Lake Geneva. He was chased across the finish line by Jack Poller, Delevan and Roger Baumlester, Burlington. Baumlester started off in the lead and looked like a sure winner but then on the sixth lap, Grubb set up both the second and first place runner and passed them on the back straightaway.

With a Stern Eye

Another milepost has slid smoothly past. The Voters' identification cards have gone out to nearly 165,000 county residents this week and I can barely look my mailman in the eye.

"It is rather embarrassing," grunted my husband as he flipped through the Wednesday mail. "Here Jo, here's yours. And Tom. And Pete." He continued through the pile dealing out the cards to the appropriate over-18s of the household. And we have a lot of them. "You sent them out as a postcard this time, eh?"

"Yup. We saved 2 cents on mailing each one, and 2 cents for each one that is returned as undeliverable at that address. We get back about 15,000 each time we do the mailing—every two years."

"How much of a saving is that, Jack?" Hub always likes to trick the kids into some sort of participation but they're too wily for us. Jack mumbled something unintelligible and continued with his Strat-o-Matic game. "Let's see" continued Hub, "2 c for each way—that's 4c on 15,000—and 2c each for sending out the rest, say 150,000."

After an unproductive pause I took out pencil and paper and made a few hasty calculations. "We saved \$3,600 on the mailing by not using envelopes, and regular 8c mail. And just by the way, that doesn't even count the cost of the envelopes themselves or to stuff the cards into the envelopes."

"Very good."

"It sounds good until you hear that the General Assembly is right now considering passage of a new Election Code. Remember when I went to the County Clerks' convention?" There was some chuckling over that reference, as everyone remembered a few of the acid observations that had returned with me from the Clerks' convention. "Stanley Kusper, who was one of the big movers and shakers on the committee that drew up this new code, gave us a run-down on it. He's a damned smart man." I looked hurriedly around and of course everyone had heard that unfortunate phrase.

"Anyway—the new Election Code calls for a complete re-registration. That means that as of the 1st of January we might as well set a torch to our files—all these cards will be obsolete, and all the work we've done to expand our registration will be down a rat-hole."

"—if it passes."

"Yes of course. If it passes."

"You mean you'll have to start all over again?"

I sighed. It is really a very difficult subject for me to deal with. We have concentrated the major part of our effort toward getting everyone—EVERYONE registered to vote. The 18-year olds, the middle agers, the

elderly, the Spanish speaking, the well, everyone. And now . . .

"There is good reason for it and I understand that. The old Election Code is a jungle, as you well know—a hodge podge of contradictory and ambiguous sections and sub-sections. It needed to be codified and re-written in the interests of clarity. . . And of course one of the aims of this new package is to make everything those of us in Lake County will use the same registration forms and get the same information as the registrars in, say, Carroll County or Jo Davies. And the cards will be in either triplicate or quadruplicate—"

"Why?"

"I'm not sure. I'm only on page 89 and there are 323 pages to it. Ask me again next week. Anyway, if we all start fresh, from the same place, the new system under the new State Board of Elections—if they ever get around to appointing it—should really be a vast improvement."

"But everyone who wants to vote will have to register all over again, is that it?"

"That's it. And think about what that will cost. Probably 12 or 13 million, statewide. And plenty for Lake County. The sad

part is that we have kept our files up-to-date by purging the way we do on this ID card business. If the card comes back, we send out a letter and if there is no response, we cancel out the registration. Other counties don't do that. We will really be penalized for having done such a great job!"

"Cheer up. What you did once you can do again. And all the counties of the state will start even. You'll manage."

Rifles Choose Team

Earning a spot on the Lake County Rifles professional football team is going to be a battle for veterans and rookies, according to head coach Jesse Vail.

Vail, whose full time job is as director of recreation and athletics for the state prisons at Joliet, said he is impressed with the quality of rookies who are signing their contracts along with tough veterans as Ray Houghtling, a 250 pound, 6 ft. 2 in. defensive end who two years ago was voted the most valuable defenseman on the Joliet Chargers professional team.

Among the rookies signing are James Pirolli of Melrose Park and West Leyden High School. He set seven Grinnell college receiving records as perhaps the best end in Grinnell's history.

Another outstanding player is James Montgomery, the first black captain at Northern Illinois University. Montgomery will be seeking a defensive back role; he stands 5 ft. 10 in. and weighs 175 pounds.

A highly recommended former Northwestern University player is Mike Coughlin, a safety at 195 lbs. and 5 ft. 10 in. Another signed player is Gary Olson a former all conference lineman when at Mundelein high school and said to be an outstanding player at Indiana State where he played his college ball.

Jim Loughran, a speedy defensive back who was all conference at Kansas State Teachers College, is another rookie seeking an opportunity with the Rifles. A rough defensive rookie trying out is Jim Freyensee, a tackle from Carthage College and Hales Corner, Wisconsin.

Two other rookies who look good to Coach Vail are Richard Gould of Mount Prospect, a lineman from the University of Texas who tried out for the Bears, and Anthony Fick of Zion, Illinois, a 210 pound lineman who played for the United States Merchant Marines at Kings Point, N.Y.

The Rifles training camp will open this June 26 at Carmel Field in Mundelein with the first home game to be played there at 8 p.m. July 29.

Black Flags Wave At Geneva As Cameron Wins

IRA starter Roger Cox black flagged two drivers off the Lake Geneva Raceway Sunday night for over pushing. Victims were Ron Bergma and Dick Aissen. Aissen had been running second behind Paul Cameron who led every lap of the 30 lap feature. The race was stopped on the first lap after several cars tangled in the fourth turn with Ron Marish going up and over a wheel, flipping end over end then rolling into the infield.

After a short breather, he was able to restart and finished the feature in fifth place. Additional trouble caused another restart and this time Johnny Reimer who had been running fifth was unable to continue.

Point leader Whitey Harris was running third on the 10th lap and then spun trying to get around Aissen in the fourth turn. He recovered to finish third behind Denny McKay, Elgin.

SPORTS

Chicago's Rick Kleich set records at 10 and 30 laps Sunday night at the Waukegan Speedway.

Rich Kleich Scores First Win

Rich Kleich of Chicago scored his first win in the late model feature race Sunday night at the Waukegan Speedway by edging Mundelein's Vern Browne at the checkered. During the night Kleich set 10 and 30 lap records.

Kleich, driving the Torino driven by Wisconsin's Dick Trickle last year, made just his second appearance at Waukegan a winning one as he won the second heat in record time and then passed Tom Jones of Northbrook for the feature lead in the 7th lap and set a record in that race.

Vern Browne gained second on the 14th lap and pushed Kleich all of the way to the finish with the two leaders bumping on the final lap. Jones held on for third with Tom Musgrave of Mundelein a close fourth.

Chuck Chadwick of Lake Zurich led the first two laps over an extremely fast field before Jones moved in front. Rich Oertel of Palatine drove a good race for 5th money in front of Jim Cossman of Waukegan. Al Gutche of Pleasant Prairie (Wis.) and Carl Major of Chicago.

Browne set fast time tonight at :14.54, just .01 off the record, and collected enough points to move into first in the tight point race. Browne now has 350 points while Cossman is second with

334 and Lee Schuler of Lockport is in third with 327. Schuler was 14th in the main after a rear end failure.

George Dukas of Zion was the big winner again in the hobby races with a second place in the second heat stopping him from a clean sweep. Dukas led the hobby qualifiers with a :16.35 IP and then brought the crowd to their feet by winning the Trophy Dash in spectacular fashion. Dukas passed Bob Klemm of Gurnee on the outside in the final 50 yards for the win. Dukas fell just short in the heat raced to Ken Graham of Winthrop Harbor, but a big pile-up in the main gave him an easy win there. Ed Smith of Gurnee took second in the finale with Skip Don of Waukegan third.

McMahon Receives Degree

Donald McMahon was among one hundred ninety-one students from 15 states who received baccalaureate degrees Sunday, May 21 during the 121st annual Commencement ceremonies at MacMurray College. McMahon received a Bachelor of Science degree in Psychology, Philosophy and Religion.

The weather was cold but the racing hot Saturday night at the Waukegan Speedway as Lee Schuler raced his 1972 Chevelle to his third win of the season here. George Dukas scored his fourth hobby feature win.

The tight point race in the late models continues with the ranking now Jim Cossman of Waukegan first with 312 points followed by Lockport's Schuler at 309 and Vern Browne of Mundelein with 308. Browne had led going into tonight's races, but dropped back following a 10th place in the 30-lapper.

Browne lost more than the point lead tonight as Carl Major lowered Browne's one week old track record (for cars under these rules) from :14.57 to :14.53 in the time trial runs. Major finished 3rd in the dash and 4th in his heat and then the Chicago driver took advantage of another driver's misfortune to finish second in the main. Cossman took 3rd with Herb Artelt of Wildwood 4th and Tom Musgrave of Mundelein 5th.

Al Gutche was racing second in the main at 24 laps when a steering problem sent him into the third turn wall and out of the race. Rich Oertel of Palatine gained the lead in the first lap, but spun in the 5th with Schuler taking over.

By the half-way point, the leaders were Schuler, Gutche, Major, Cossman, Browne and Bob Delaney of Keeneyville. Artelt was 9th at that point but charged back for fourth money.

Oertel had problems all night as he bumped a lapped car in the very last turn of the first heat race and spun allowing Cossman to come home for the win. Schuler and Browne won the other heats with Musgrave first in the trophy dash.

The first hobby heat started 13 cars and wouldn't you know it...the cars couldn't even get

Jim Moulis, Antioch, won two races at Wilmot Saturday night.

Ducas Scores 4th Hobby Feature

Whitey Harris, Lake Villa worked his way through the hard way at the Kenosha County Speedway in Wilmot Saturday night to take the lead on the 9th lap from Mike Schisel, Oak Creek and went on to build up a long lead only to see the second restart wipe out the big advantage dropping him to fourth at the Finish. The winner, Johnny Reimer, Caladonia, scoring his second feature win on the IRA Circuit but his first of the season at Wilmot, started 11th in the 16 car field and was fifth on the final restart when Dick Duston, Muskego jumped ahead of Harris as the green flag waved.

Reimer then got by Ralph Stern, West Bend and Roger Otto, Burlington, but had to race with Duston for four laps before getting the advantage on the 23rd lap to finish only two car lengths ahead. Aaron Solsrud, Menominee Falls, finished fifth making four driver Champions in the first five spots.

Some very unusual happenings were recorded on the cool night that produced only 2356 fans for the Americana Program. A Fairboard Official was called home because help was needed to cover garden plants

past the starter's stand at the green before six cars smashed into each other and the wall. SkipDon of Waukegan won in a close finish over Ed Smith of Gurnee.

Dukas of Zion continued his hot streak Saturday passing three abreast in the heat race for a win there and Dukas passed Rip Tucker of Park City half-way through the main for the lead and the win with Ted Richter of Libertyville, Abel Avila of Mundelein and Bob Klem of Gurnee all passing Tucker in the final lap for second, third and fourth respectively.

threatened by frost. Thirty-five boy scouts from Racine arrived by canoe on the nearby Fox River. Two cars flipped and two had minor fires in the night of frenzy action. Vern Nevorski, Kenosha flipped his modified in the first heat race and Denny Jackley, Salem flipped in the first lap of the Sportsman stock car feature. Neither driver was injured.

The Tremper High School entry from Kenosha with Don Schulte driving, caught fire in the Sportsman heat race and Dave Heinz, Northbrook had a small fire in his modified stock car. No serious damage was recorded to either car and drivers quickly and safely exited the flaming cars.

The 1971 Rookie of the IRA modifieds won two checkered flags for his win in the 15 lap semi-feature and the second 10 lap heat race. Jim Moulis, Antioch, won the first 10 lap heat and then returned to win again in the 12 lap consolation race. Other heat winners were Ron Bergsma, Richmond; Carl Schultz, Pewaukee and Harris.

Jim Bozeman, Waukegan lead a group of 12 drivers turning in 17 second time trial runs. Bozeman recorded a 17.35 for an average of 51.87 mph.

Jim Cmelak, Okawee, set fast time in the Sportsman stocks with a 19.82 second run. He also won the 15 lap feature to lengthen his point lead. Heat race winners were Dale Erdman, Caladonia and Gil Couillard, Franklin.

The first 50 lap Championship race of the season will be held this Saturday night, June 17 for the Super modifieds.

Ken Kraft

Athletes Hear Guest Speaker

Members of the conference champion ACHS Track and Wrestling squads were honored at a June 5th Athletic Banquet sponsored by the State Bank of Antioch.

The teams had the pleasure of hearing guest speaker Ken Kraft, Wrestling Coach at Northwestern University.

Kraft, who was the youngest college wrestling coach, at 22, when named to the post in 1957, delivered an informative and provocative speech. In it he extolled the virtues of athletics

in character building and moral courage.

During his speech, Kraft said he couldn't speak on this particular situation, but attacked any system that couldn't or wouldn't provide for an athletic program.

During his address, Kraft spoke often of the meaning of athletics in later life. He noted that competition and responsibility made sports more like the "real world" than almost any college or high school subject.
